## INVITATION

**Dear Citizens of all Nations,**

We, the Universal Council, invite on behalf of Keshe Foundation, the citizens of all nations to attend the Scientific Exhibition, which will be held from September 3<sup>rd</sup> to December 2020, in Linz, Austria.

Keshe Foundation is a Worldwide Scientific organization whose main goal is to implement all aspects of the Keshe Plasma Science and Technologies, founded by nuclear engineer Mehran Tavakoli Keshe, through the fundamental understanding in different areas by application of the Space Technology, Health, Agriculture, Environment, Energy, and Materials. As a unique and prosperous global manufacturing organization, our vision is to unite all communities in Peace, through the implementation of Plasma Technologies.

Universal Body Enhancement Unit will be shown at the Exhibition for the first time.

Through the application of the new Plasma Technology we reduce health costs and make this accessible and affordable by all citizens. As well, we bring about national food security in investing in new methods for agriculture to increase harvest. We make sure that environmental clean up of land and air can be achieved and we support energy development to make each nation self-sufficient.

Constructing industrial zones tailor made for your nation the investments are 100% made by Keshe Foundation Manufacturing providing research and development, products, technologies, jobs and education. The industrial zones are simply the means of walking towards an era of abundance for your nation.

Keshe Foundation provides the solutions and conditions that will improve your nation and your neighbouring nations to equal standard. The joy and beauties of this new Plasma Technology and global education delivers breakthrough products to serve all Humanity worldwide.
